CLEAPSS Health & Safety for Science Technicians

6th February 2018, Malmesbury School

Why come on this course?

This is a one day introduction to health and safety for science laboratory technicians from schools and colleges.

Outcomes

The objectives of the day are to:

- Raise awareness of safety issues and current Health & Safety legislation
- Make technicians more confident with their responsibilities
- Consider and practise the risk assessment process for technician activities
- Consider what safe management – managing safely means in practice for technicians
- Devise an action plan

How to Apply

To register your interest for a place on the **Cleapss Health & Safety for Science Technicians**, please complete the booking form on our website or email booking@avontsa.com giving your name, school and contact details.

The deadline for booking this course is **20th January 2018**.
