Outstanding Teaching Assistant Programme

Who is this course for?

The Outstanding Teaching Assistant Programme is for teaching assistants who are, or who have the potential to be, outstanding in their roles. It is intended to develop the potential for Teaching Assistants to have a wider impact on improving the quality of teaching and learning across the school.

The OTAP consists of five morning sessions over a five week period.

Programme Objectives

OTAP enables teaching assistants to:

- place a greater emphasis on the purpose and value of the lessons they support
- raise levels of engagement and achievement in learning
- use different methods and styles of support to challenge learners
- innovate and take risks
- have a bigger impact on the planning and assessment for the learners they support
- demonstrate a higher level understanding of teaching and learning
- be able to coach colleagues to raise performance

The programme focuses on a range of aspects of teaching and learning such as challenge, engagement, assessment, differentiation, questioning and planning. There are facilitated practical sessions and lesson observations at the host school, with linked practical tasks back in the participant's own school to apply what they learn.
