CLEAPSS Safety with Chemicals for Science Technicians

Wednesday 13th February 2019

Malmesbury School

Why come on this course?

This course is suitable for technicians who are taking on/have responsibility for chemicals. No prior chemical knowledge is required. Note: the course is not intended for those with detailed chemical experience, though it can help in adapting outside experience to work in school science.

Outcomes

The aims of the course are to:

- To find information on chemicals and their hazards in school use
- To work with chemicals safely for school practical work
- To develop knowledge about storage, disposal and dealing with emergencies with chemicals.

How to Apply

To register your interest for a place on the **CLEAPSS Safety with Chemicals for Technicians**, please complete the on-line course booking form on our website or email booking@avontsa.com giving your name, school and contact details.

The deadline for booking on the course is 28th January 2019.
