Spanish Teacher Subject Specialism Training

Who is this course for?

Teacher Subject Specialism Training (TSST) in secondary MFL helps to build capacity in schools to deliver the English Baccalaureate (EBacc). In addition to non-specialists and returning teachers, the programme is available to specialist language teachers who may be looking for a refresher or who may be able to teach a second language.

The Spanish TSST programme is aimed at teachers with QTS in the state sector who are already teaching or plan to teach some Spanish at secondary/FE level. This course is **FREE** through funding provided by the DfE and is run by the Avon Teaching School Alliance at Malmesbury School and Bristol University. We hope to offer the programme face to face, but it is likely that it will be a blended programme with a mixture of online and face to face sessions.

Programme Objectives

Preparing non-specialists to teach Spanish confidently at KS3 and through to GCSE, the course draws on up-to-date research to improve subject knowledge, pedagogy and practical skills.

Outcomes for participants:

- raise the overall quality of teaching and learning in lessons and contribute to schemes of learning
- extend subject knowledge and learn and develop skills with others from schools across the region
- wider teaching opportunities after the TSST programme is complete

Outcomes for Schools

- increased number of language specialists with the confidence to teach Spanish as a second subject
- more flexibility in timetabling

How to Apply

Please complete the booking form on our [website](#) to book your place on the Spanish TSST or email avontsa@malmesbury.wilts.sch.uk
